# Portable Coaxial Cable Stripper Kit, Cutter Heads & Rapid Charger / Re-Conditioner

Kit comes complete with Rapid Battery Charger/Re-conditioner, and Worldwide Standard A/C Power Adapters

## RAPID CHARGER / RE-CONDITIONER

Part Number	Description
811RC	Rapid Battery Charger/Re-Conditioner

- » Rapid charging in 107 min (+/-), eliminating the need for extra Battery Packs
- » Full battery charge on demand
- » Recalibration mode extends battery life - Reconditions in 178 min (+/-)
- » Intelligent charging protects against overcharging
- » Eliminates crystalline memory
- » Reconditions batteries which have already developed memory
- » Keeps battery pack factory fresh and ready to use

Rechargeable NICAD Battery Pack

## SPARE BATTERY PACK

Part Number	Description
726	Spare NICAD Battery Pack

The model 726 Spare Battery Pack comes fully charged and ready to use. However, slight discharge may occur and battery power may decrease as a result of cold weather or lengthy storage. In such cases, it will be necessary to recharge the Spare Battery Pack for maximum power.

Rapid Battery Charger /Reconditioning Kit with Power Converter and Hard-Shell Carrying Case (sold separately)

Portable Coaxial Cable Stripper Hand-Held Driver with rechargeable battery pack.

Coaxial Cable Cutter Heads (sold separately)

Hard-Shell Carrying Case for Portable Stripper, 2 additional cutter heads, and 110V A/C 13 Hour Charger
